

As we are celebrating the Lunar New Year, MVCA invites you to a yee-sang tossing ceremony and get together between the venture capital and private equity industry players and their investors or limited partners.

The tossing of Yee Sang during Chinese New Year is an age-old custom steeped in ancient tradition and culture. The significance of the tossing is to wish for abundant luck and happiness for all. Hopefully 2015 and the year of the goat will be an active and fortunate year for the venture capital and private equity industry.
